Ferry Road / Castle Street East Cowes - Bridge Square	Mon 24/06/2019	Fri 19/07/2019	Chapter 8 Barriers and signage	LTP105 Footway and Junction Improvements Footway widening, removing the current offside lane at the junction of Ferry Road and Castle Street. The current arrangement on-site is both confusing for HGV drivers and detrimental to road safety due to large vehicles getting stuck at the junction and the resulting manoeuvres / footway overrun that occurs. The proposed scheme should improve lane discipline and is designed to create a more suitable swept path for HGV's needing to enter Castle Street and reduce the risk of them overrunning the pavement.
