CARRIAGEWAY RECONSTRUCTION & RESURFACING WORKS IN YORK AVENUE, EAST COWES

Dear resident

Though we continue to make progress on Phase Three of the project, we continue to encounter poor, clay-rich conditions with deep excavation required throughout this section.

Once again, to help us maintain our programme, we have taken the decision not to re-open the road during the forthcoming Bank Holiday. This is because to do so would mean it would take up to two working days to make the work section safe for traffic and to remove and then reinstate the current traffic management again next week after the Bank Holiday. We feel this time is better spent on the actual highway works when we resume on site on Tuesday May 4. In making this decision we note that the current diversion route is, in the main, working well.

We will continue to keep you updated as we progress the scheme. Once again, many thanks for your understanding and cooperation.
