## **CARRIAGEWAY RECONSTRUCTION & RESURFACING WORKS IN YORK AVENUE, EAST COWES**

Dear Resident

As previously communicated, we plan to start work on the fourth and final phase of the York Avenue scheme on Wednesday 19<sup>th</sup> May. To allow this, we will need to put out cones on the diversion route from today (Tuesday).

Please note, that these cones are in place to keep the diversion route safe and effective. We would respectfully ask residents to continue to observe the no-waiting restrictions that are in place. These temporary no-parking areas are legally enforceable, so you risk getting a ticket if you fail to observe them.

So that we can make best use of resources and maintain progress, we will begin work on the final section at the same time as finishing off the final 20 metres of Phase Three. To allow us to work in this way, the junction of Adelaide Grove and York Avenue will be closed to all traffic. Doing this, means reduced traffic volumes in Adelaide Grove which in turn will allow us to accommodate additional on-street parking spaces.

A map of the diversion routes that will be in place during Phase Four is available via the following link.

[Diversion routes – phase 4](#)

We will continue to keep you updated of progress.

In the meantime, thank you once again for your understanding, patience and co-operation.
