

Dear residents and stakeholders,

We are writing to inform you about what to expect on Day 1 of the carriageway works in Wroxall, commencing on Monday, 10th November 2025.

Clarence Road, Wroxall will be closed between Mountfield Road and Manor Road from approximately 08:30.

Day 1 will primarily focus on mobilising the site in preparation for excavation works. Activities scheduled include:

- Installation of road closure signage, diversion routes, and site security measures
- Delivery of construction plant and machinery
- Site induction for workers, covering health and safety procedures and outlining how the work will be carried out

We appreciate your understanding and cooperation as we begin this important infrastructure improvement.

Kind regards,

Island Roads
